C	Technique for leaders, basic motions, posture, walk, pivots, body training and coordination, exercises. For leaders.
D	The composition of the music and the story telling phrases guide us to dance more meaningfully.
E	A special kind of milonga. No running no sweating, we flow in the embrace gently. Lesson A/ "hidden engine" can explain it well.
F	Close embrace turns to not only survive but to enjoy the marathon milongas.
G	More playful in your feet with musical dialogue. Lesson B/C is a good preparation. Creativity and body control. Strong presence of the follower guides the leader towards a dance with more improvisation.
H	Using powerful mind games to change every dance to a deeper possible version. BONUS-lesson!
